NASIF KABIR JUBIAN

Technical Operations & Support Engineer

Mirpur-12, Dhaka-1216 | nasifjubian37@gmail.com | +8801745217166

Portfolio | GitHub | LinkedIn

CAREER SUMMARY

Proactive and detail-oriented operations professional with a B.Sc. in CSE and hands-on experience in tech-driven environments. Skilled at bridging the gap between executive business objectives, clients, and development teams to deliver effective solutions and streamline workflows. Proven ability to assist leadership in project management, gather technical requirements, and ensure the smooth execution of daily operations.

JOB EXPERIENCE

Innovate Solution | ***Technical Operations & Lead Support Engineer*** | **08/2025 – Present**

- Working directly with the CTO to launch a new product and manage its daily operations.
- Assist in facilitating major internal workflow transitions, managing the departmental shift from Support to Reservation and Operations.
- Investigated API-related issues by analyzing logs, request/response payloads, status codes, and error traces to identify root causes of booking failures, ticketing errors, and transaction declines.
- Assisted clients with onboarding and supporting API and white-label integrations, ensuring proper configuration and seamless functionality.
- Performed end-to-end debugging of booking processes, reproducing issues in test environments and providing detailed technical reports and logging bugs using Bordio for quick resolution by the development team.

Innovate Solution| *Associate Support Engineer* | *Pallabi, Mirpur, Dhaka-1216* | 01/2025 – 08/2025

- Collaborated with internal frontend and backend teams to streamline processes and ensure the timely delivery of client solutions.
- Collected, recorded, and addressed technical feedback from local and international clients, maintaining organized documentation.
